NEW YORK STATE COALITION
AGAINST DOMESTIC VIOLENCE

Creating the change
necessary to prevent
and confront all forms of
domestic violence.

About NYSCADV

Established in 1978, the New York State Coalition Against Domestic Violence (NYSCADV) is the U.S. Department of Health and Human Services-designated information clearinghouse, point of contact, and resource center on domestic violence in New York. We offer training, support, technical assistance, and advocacy to local service providers statewide. Our mission is to create the change necessary to prevent and address all forms of domestic violence. Through the collective voices of survivors and advocates, NYSCADV strengthens public and private responses, prioritizing domestic violence as a human rights issue.

Our Work

As a statewide nonprofit membership organization, we focus our work on training, prevention, technical assistance, activism, leadership development, and legislative advocacy. We promote collaboration and best practices in all our efforts.

Coalition Building

NYSCADV actively engages in statewide and national advisory committees, coalitions, task forces, and work groups, amplifying the voices of survivors. Additionally, we convene meetings to foster communication and collaboration at local, regional, state, and national levels. With crucial funding from state partners including the NYS Division of Criminal Justice Services, NYS Office of Children & Family Services, and the NYS Office for the Prevention of Domestic Violence, NYSCADV enhances training and technical assistance for domestic violence service providers and allied professionals throughout New York.

Coordinated by NNEDV since 2006, #DVCounts takes into account the dangerous nature of domestic violence by using a survey designed to protect the confidentiality and safety of victims.
